

Grand Prize Palladium 'Bowtie'

Atlanta designer and metalsmith Dawn Muscio of D. Muscio Fine Jewelry Studio took home the grand prize in the Palladium Alliance International Jewelry Design Contest. Her red-carpet inspired design was a leather-strapped palladium bowtie adorned with white and black diamonds (retail \$22,880). "I was going for something that was unusual and beautiful," Muscio said, "so I decided to take a modern twist on a classic accessory, the bowtie, not typically crafted in metal." She designed the statement piece to be worn by a man or a woman – either to glam up the traditional tux or add a sexy contrast to a bare neck and gown. Muscio bested more than 300 entries nationwide from custom jewelers, jewelry designers and retailers of in-house custom jewelry.
